DM - Cardiology, Cardiologist,  
Executive Editor, Heart India*

# HEART INDIA CONCLAVE (HIC) 2025

*Heart India Conclave has been organized by Heart India Charitable Trust every year since 2015, at Varanasi. This year it is scheduled to be held on 16<sup>th</sup> November at IMA Varanasi. The theme of the conference this year is “Cardiology from guidelines to clinical practice”. This one-day academic feast will cover all relevant recent advances and guideline updates from various national and international cardiac societies across the world. From this year, we are inviting research abstract papers from across the Indian subcontinent. The top ten selected abstracts will be presented at the conference. These selected abstracts will be published in a reputed journal, Heart India, which is indexed in DOAJ, SCOPUS and SCIMAGO JOURNAL RANKING ([www.heartindia.net](http://www.heartindia.net)). From this year, we are starting a Heart India Newsletter which will be circulated to every conference attendee this year and apart from this, the newsletter will be widely distributed throughout the country. I invite you all to join this conclave and enrich your clinical expertise.*

**Dr Alok Kumar Singh**  
M.B.B.S, M.D, D.M  
(Cardiology), FESC, L.L.B
